Y is the quantity of the Issuer's registered ordinary shares held by the person having the preemptive right to acquire the placed Shares as of October 08, 2012 (the date of the decision adopted by the Board of Directors to increase the authorized capital of the Company by means of the placement of the additional Shares);

47,871,694,416 (forty-seven billion eight hundred seventy-one million six hundred ninety-four thousand four hundred sixteen) is the quantity of the Issuer's previously placed registered ordinary shares.

If the calculation of the quantity of the Shares that may be acquired by any person having the preemptive right to acquire the Shares by virtue of such person's preemptive right results in a fractional number, then such person shall be entitled to acquire the portion of a placed additional share (fractional share) corresponding to the fractional part of the calculated number.

Any fractional share shall vest in the shareholder owning such share the rights attaching to the relevant category of shares within the scope equal to the portion of a whole share constituted by such fractional share.

Please note that the law permits you to acquire fractional shares through exercising the preemptive right, however, a fractional share does not materially affect the quantity of votes held by you at the General Meeting of Shareholders, nor does it materially increase the amount of any dividends payable to you (if any dividends become payable to the shareholders), disposal of a fractional share is complicated and may require your extra expenses and efforts that are usually incomparable with the benefits of owning a fractional share. Therefore, acquisition of a whole quantity of shares may be more preferable for you.

Please note that any person registered on the Company's shareholder register is required by paragraph 5 of Article 44 of Federal Law No. 208-FZ "On Joint-Stock Companies" to notify the Company's Registrar of any change of such person's particulars.

If any shareholder's details have been changed or the Registrar does not have the relevant registered person questionnaire or corporate entity documents, such shareholder shall serve ZAO STATUS with information concerning the change of such shareholder's details and/or the missing documents in accordance with the procedure provided for in the applicable regulations.

Failure by a register person to serve its details and/or the required documents may render it impossible to make credit entries in acquirers' accounts, and JSC IDGC Holding and the Company's Registrar (ZAO STATUS) shall not be held liable for any losses caused thereby.
